

# **The Sound Lab School of Worship Technology**

## **Church Audio Production, Level One**

Instructed by: Charlie Lawing and Jennifer Lee

**Ph: (901) 278-0461**

**Fax: (901) 272-1481**

**e-mail: hrnoevil@aol.com**

**The Memphis Sound Lab is offering a course that will teach you how to improve the sound of your worship service!** There are many factors that contribute to the quality of live sound production. This course will explore several different aspects of sound theory and practices that apply in church, institutional, and other sound applications. We will provide you with the hands on experience you will need to make the most of your worship service.

The Course will run for six consecutive weeks and each session will be 3hrs with an optional Q&A session at the end of each class.

A textbook and workbook accompany the course curriculum, and are included in the enrollment fee.  
Required Text: Scott Hunter Stark, *Live Sound Reinforcement* (Mix Pro Audio Series)

Among the specific topics covered will be: Microphones - types and techniques, gain structure, signal flow, Mixers and how they work, outboard gear and what roll it plays, Mixing theories and practices for churches, Equalization - how to prevent feedback, Monitors – how to get the best sound, Amplifiers and crossovers, Recording techniques, Duplication, and Troubleshooting.  
Teaching tools will include instructional videos, guest lectures, and hands-on experience with a sound system. This will provide essential training and understanding of the concepts and theories that we will be discussing in this course.

Come and join us for a fun and educational experience that will improve the understanding and operation of your sound system.

Please call if you have any questions about the class or registration.
